A LITTLE MESSAGE FROM THE CHATTERS

Hi I'm Ayon. Just me in the house. I care about health and I love working out at the gym. Road trips, cooking, walking, learning other languages and doing latest fashions are my others hobbies. I really enjoy meeting people from everywhere.

With the Tripster I would love going to the gym, cook different dishes , exchange different culture and show them latest trend and fashion also go for shopping with them.

For me it's important to give great hospitality and makes Tripster feel like at home and make them feel safe.

THE SPOTTER'S OPINION

Ayon loves driving and is happy to take guests on trips to the mountains etc. His English is slightly accented but absolutely solid. His house looks almost like a furniture showroom. It is very clean and tidy with lots of white and light colors. He is keen to welcome visitors and seems a kind and considerate person and wants to help others. I liked Ayon and his location is super convenient for getting to places. Dalhousie is a pleasant neighborhood with facilities like stores, a Recreation Centre and tennis courts ...
