

# Welcome to Karen's

## FAMILY DESCRIPTION

I am single parent with 2 girls. We enjoy the outdoors, day trips to the mountains, camping and walking. We also like to go shopping and trying new food because it can be great fun.

## A LITTLE MESSAGE FROM THE CHATTERS

We love hosting and expanding our family - we enjoy the exchange of cultures. I've been providing homestay for nearly 20 years !!! We've made great friends along the way !

## THE SPOTTER'S OPINION

Karen has been homestay for almost 20 years. They understand the process of language learning and cultural adjustment. One homestay student has stayed with them for the whole High School, - grade 10,11 and 12!

Karen works early on the morning so she has all the afternoon to enjoy her free time with her children and Tripsters!
