WINNIPEG

Ottawa

FAMILY DESCRIPTION

I love cooking and always like to try out different dishes. I could involve the Tripster in watching me cook or helping me out. I love listening to music so I'll have music on during relaxation times. I adore gardening so I will encourage Tripster to help me out in gardening. I have my own car so I will take them to malls and other sightseeing places. I have a sister whom I am close to. She lives about 5 minutes away from where I live. I have a good brother-in-law and a niece and a nephew who are in their late teens. Sometimes, I can ask my sister help me too in involving Tripster.

A LITTLE MESSAGE FROM THE CHATTERS

I am a single woman so I will give undivided attention to the ones who will stay with me. I completed my TESOL advanced Diploma program so I will be able to assist in helping the ones to learn English.

THE SPOTTER'S OPINION

Maria is very caring, warm and thoughtful. She will be there for her Tripster and show them our culture here in Canada and to learn the language! Very kind lady with a big heart. Will be available to the student in any way needed!
