

Welcome to Guillemette's

FAMILY DESCRIPTION

I live alone. I have been hosting students for many years. I would like to help you discover my region and the French culture!
I am only available from April to October.

THE SPOTTER'S OPINION

Guillemette is very welcoming. She wants to show to the Tripster her region that she loves so much. She lives in house located in the countryside in a beautiful landscape.

A LITTLE MESSAGE FROM THE CHATTER

I like visiting museums, discovering new corners of the Charente, walking in nature.

I am part of the team of the South Charente Tourist Office as a volunteer. I am also part of a role play association.
