

Welcome to Jean Claude & Valérie's

FAMILY DESCRIPTION

We are Jean-Claude and Valérie and we have 3 girls : Clémentine, Mélodie, and our curious youngest daughter Ophélie.

Welcoming young foreigners is a decision and a family adventure project. Our goal : to make you discover our city that we love so much, our culture, our language, but also for us to discover other ways of life, to share and learn from the Tripster too. At home, meals are prepared and taken with the family daily.

A LITTLE MESSAGE FROM THE CHATTERS

The Tripster will be with us as a member of our family. We will take care of him/her, as if he/she were our 4th child. We will welcome him/her with joy and we look forward to sharing our way of life and our daily life with him/her.

THE SPOTTER'S OPINION

Valérie, Jean-Claude and their kids are a very welcoming family who wants to meet new people and to discover their culture and their everyday life! They live right in the city center of one of the most beautiful cities in France : Lyon.
