

Welcome to Martine's

FAMILY DESCRIPTION

We are a little trio, my children and I, with our pussy that she is already a little granny. We live quiet days in our big house that is open to nature. We like to take the time in the morning, but then I usually organize a program of activities. We are particularly interested to welcome a young person from 12 to 14 who could exchange with Illan and share moments of leisure with him: video, bike, bowling, tree climbing, swimming pool, cinema, freerun, parkour, trampoline, etc ...

A LITTLE MESSAGE FROM THE CHATTERS

We like to share moments of leisure with other people, my children are very sociable and I usually organize activities. This experience could be rewarding.

THE SPOTTER'S OPINION
