## A LITTLE MESSAGE FROM THE CHATTERS

I live in the centre of Edinburgh with my dog Teddy. I love meeting new people and exploring new areas. With my previous hosting experience, I think I can cater to you every requirement and help you create wonderful memories in Edinburgh!...

## THE SPOTTER'S OPINION

Chloe is a very reactive and at the same time a very warm host. She is used to taking care of travelers and has many ideas of activities to do with the Tripster during her free time. She is an active host who is always doing something! During weekends, she likes to go shopping, to go to the cinema, to take the dog out, to go to the gym, to go running... There is a park just near her house and a shopping complex 5min away. Her house is spacious, clean and very tidy. She usually wakes up at 7am and goes to bed at around 11pm.
