

Welcome to Debi & Renny's

FAMILY DESCRIPTION

We love meeting new people and are truly interested in them and their experiences. We are a friendly, caring and fun family.

A LITTLE MESSAGE FROM THE CHATTERS

We are a family of four, my eldest daughter doesn't live at home but is still part of our family. We live in a beautiful part of England (Yorkshire) which has spectacular scenery, beautiful walks, cycling routes, historical towns and cosmopolitan cities with great restaurants, cafe bars, shops and theaters. The sea and beaches are about an hour away and all accessible. We are interested in all sorts of activities (as above) and would happily share the delights of Yorkshire with the Tripster.

THE SPOTTER'S OPINION

There is a nice atmosphere when we enter in Renny and Debi's home. I felt immediately like I was at home. Debi is this kind of an easy to talk to person and I think it's great for Tripsters!

Their home is well located between the city and the British countryside. Renny works from 8am-6pm and has to wake up early whereas Debi works generally from 9am -5pm 4 days/week. They both work full-time so they get up around 7am and go to sleep at 10pm during the week. On week-ends they go to bed a bit later at 11pm and wake up at 8-9am. They enjoy exploring the region and they would love to show to the Tripster the cultural and historic part of their medieval city.

Debi & Renny have been host family during 3 years through a partnership with the University of Leeds.
