

Welcome to Chris & Fernanda's

FAMILY DESCRIPTION

We are very friendly and sociable. We often host parties & barbecues, in our large garden. We live in a lovely village in Cheshire with pubs, shops and restaurants. Only 6 miles from Manchester city center.

A LITTLE MESSAGE FROM THE CHATTERS

I, Chris, am a Business Development Manager for a tour operator (Travel Industry). My wife, Fernanda, is from Brazil and works in logistics. We have 2 boys: Oscar, 7 & Vincent, 5. We do many different activities as a family, such as football, swimming, cycling, cinema, parks and play areas. I coach my son's football team. We're happy for the tripster to join in any activities he/she would like to.

THE SPOTTER'S OPINION

Chris and Fernanda have a very nice house, clean and spacious, with a terrace, a big garden with outdoor toys and some space to play football. The Tripster's room is downstairs with a bathroom next to it, while the family's bedrooms are upstairs with another bathroom next to it. The family is used to waking up early because of their young children, at around 7:30 am during the week. The city center is 6 miles away and it takes only a few minutes driving. There is also a very nice park and a local village (supermarket, restaurants, hairdresser...) less than 10min away walking. The entire family would be extremely happy to welcome Tripsters as it is a family project, and there is no doubt that they will make feel him feel just like at home!
